

# School Entry Health Checkup Requirement

Early and regular **health checkups** can find, prevent and treat many health problems before they become serious. That is why California has a **law** that says all children **must** have a health checkup **within the 18 months before first grade or up to 90 days after starting first grade**. Your child must also have certain immunizations or shots for school. Your doctor will be able to check your child's immunization record and see what shots are needed during the health checkup. Your doctor will complete this form, and you need to return it to your child's school.

**If you are not able to pay for this checkup**, please call Maternal, Child and Family Health Services to find out if your child is eligible for a health checkup at no cost and for ongoing medical and dental insurance:
